As an essential part of the Hoodzpah team, I've worked extensively on internal and client based design & illustration projects. I specialize in packaging design, digital mockups, social media marketing and advertising. Additionally, I do layout designs for magazines, a ton of illustrative work, apparel design, web design and blogging. I've become an asset to the agency by fully immersing myself in the work and exceeding client expectations.

As the contracted Designer and Illustrator at Maddie's Fund, I am responsible for producing the digital and printed content that supports our mission of creating a no-kill nation where every dog and cat is guaranteed a healthy home or habitat! I design under the Creative Services Manager to produce marketing collateral, advertising, social media graphics, expo/conference booth graphics, presentations, infographics and much more. Our objective is to elevate the overall brand aesthetic by conceptualizing strategic design directions that make for creative solutions. [#ThanksToMaddie](#)

AIGA Orange County - Diversity & Inclusion Director / Design Co-Chair
Orange County CA, orangecounty.aiga.org, March 2015 - July 2018

I was the Diversity & Inclusion Director for the Orange County Chapter of AIGA, a 100% Volunteer run 501c(3) Non-Profit bringing opportunities for Creative Professionals to thrive in Orange County. As the D&I Director, it was my responsibility to support and aid the underrepresented creatives in the OC, including people of color, people with disabilities, and the LGBTQ community. Also, as a Design Co-Chair of the chapter, I was tasked with creating new visuals for the various events, workshops, and programs that we as a chapter produced. AIGA-OC is a community platform that invests in people and the value of design thinking.

Hollywood Photo Booth - Graphics Manager
Los Angeles CA, hollywoodphotobooth.com, February 2015 - January 2017

My responsibilities revolved around managing deliverables and client contact. I helped over 1,000 clients personally by designing their photo booth graphics in our various formats; from the classic photo strip to green-screens, and everything in between. The design process was a mix of creating original visual artwork along with using their corporate assets and logos.
